

"CIRCLE OF SPRING"

PRIDE OF PENNSYLVANIA  
PATTERN SERIES

# “CIRCLE OF SPRING”

The Season of Spring is a reminder of rebirth and regrowth. Following the cold Season of Winter we are excited to get closer to nature. It is so inviting to experience the increase of daylight. The warmer days allow the flowers to “spring forward.” A variety of birds also return, which add to the beauty of our surroundings. Many individuals continue with the practice of “Spring Cleaning” ...this could be a complete and thorough cleaning of your home or just a term used to organize your affairs. The “Circle of Spring” is a pattern taken from a framed antique quilt block in the Christ Collection. It is a time of hope as the flowers emerge and the birds sing reminding us that the world is full of promise.
